## Terms & Policies

### *Billing Terms & Payment Options*

#### **Terms:**

*All customers are listed as strictly C.O.D. accounts (payment due at time of service), unless otherwise considered well-established & in good standing with VM Landscaping.*

*Customers are required to put down a minimum of a 50% deposit before projects will begin. This excludes projects which are billed as time & material, as it is nearly impossible to estimate final costs. In the case of time & material projects, the final total is due at the project's completion, unless otherwise agreed upon, in advance, in writing, VM Landscaping.*

### **Claims & Returns**

*Our plants are considered healthy and in good growing condition when sold. Since growing conditions and plant care are out of our control once, plants leave the nursery,*

## ***Nursery Stock Installation***

*We offer installation for the vast majority of the plants that we grow and sell. Installation for trees and or shrubs is half the original price of the item(s) with the minimum installation fee charged being \$150.00. This fee covers the cost of delivery, installation, fertilization, initial watering, and a one-year guarantee for items covered under our Planting Guarantee.*

*As we have no control over the planting depth or technique used by either yourself or your gardener/landscaper, we can offer no planting guarantee for items that we ourselves do not install. However, if you plan to install the plant material yourself, we would be more than happy to provide you with basic planting instructions and answer any questions that you may have in reference to correct planting depths, watering amounts, etc.*

*Perennials, ground covers, annuals, etc. are bid on a square footage basis. If you would like more details or a quote on this service, please [Contact Us](#).*
